
Under 18s IT User Contract

Security and Privacy

- I understand that hacking of any kind is not allowed.
- I will not attempt to access information belonging to anyone else without permission.
- I will only use my login details to access the network.
- I will not give my password to any other person.
- I understand I must keep my password safe.
- I will not post personal details of myself or other people on social media.
- I will not arrange to meet strangers over the internet.

Use of inappropriate material and software

- I will not try to download offensive material or software from the internet.
- I will not try to access restricted websites.
- I will not send, share or access material that is abusive, racist, extremist, obscene or illegal.
- I understand that 'sexting' (indecent pictures of under 18s, including myself) is illegal in the UK.

Email

- I will use email sensibly.
- I will not use email to send or forward offensive or inappropriate material to people or user-groups.

School computers

- I will not change the settings of any school computers.

The multimedia centres

- I understand that mobile telephones must be switched off in the computer rooms.
- I understand that I am not allowed to have food or drink in the computer rooms.

Mobile devices and laptops

- I will not 'share' machines across the network due to the danger of viruses and malware.
- I understand that the sharing of licensed software, music and video is illegal.
- I will not bring any offensive or illegal material to school.
- I will close (or secure with a password) any file sharing software on any networked computer belonging to me.
- I will not look at my mobile phone during lesson time unless asked to do so by a teacher.

Wifi Access

- I understand that I am not allowed to share the Wifi password with anyone outside of the school.
- I understand that I cannot use the wireless connection to cause any damage to the school network.
- I understand that I cannot download any illegal or offensive material on the WiFi network.
